

Temple-Inland® manufactures the following products that contribute to sustainable rating systems, such as LEED, Green Globes, the NAHB Green Build Standard and others. All environmental claims for West Memphis, AR, and Cumberland City, TN, are certified by Scientific Certification Systems in accordance to strict ISO 14021 standards. All products are manufactured in accordance to ASTM C1396 for paper-faced products, ASTM C1177 for glass-faced sheathing products and ASTM C1658 for glass-faced interior products. All products are certified in accordance to CHPS Standards by MAS Certifications to contain low volatile organic compounds (VOC).
