a Temple-Inland product

Machine Stress-Rated
(MSR) Lumber

Match known design specifications with tested mechanical properties.

Every truss you build is designed to deliver specific structural values. That's why Temple-Inland® is now delivering lumber with pre-tested mechanical grades. We're introducing our machine stress-rated (MSR) lumber in 2" x 4" through 2" x 8" dimensions and lengths of 8' to 20'. Initially offered with a tested value of 2400f-2.0E, our MSR products give you the precision to more efficiently match lumber with known properties to design specifications. Maximizing your performance, productivity and value. Meeting your expectations for quality and reliability that's earned us a reputation as experts inside and outside the bark for over 100 years.
